Number of Participants	28		23		16		12		9		3			1	
site: circulation, pick up, parking, planting, play area, lighting, equipment, drainage, etc.	NA	8	NA	4	NA	2	NA	2	NA	3	NA	1	NA		1
	plants and rocks need taken care of; grass area needs graded, flower beds need relocated	6	Improve landscaping; looks weedy and unkept in summer; the bushes and shrubs around the office entrance are embarrassing	5	Need SOMETHING / ANYTHING for students to play with outside during recess break (volleyball nets, benches, etc.)	7	Tree on playground surrounded by mud and wood chips constantly washing out; play area does not have grass	6	very limited parking for both employees and parents; could definitely use a parking area for parents to drop off their children	4	staff parking at Jefferson, Lincoln, and Middle School	1			
	need more handicapped/ wheelchair accessible playground equipment	5	Parking lots are in rough shape; lines are not readable; terrible at auditorium area and at the lower level stadium	3	need better lighting in the parking lot and around the building	6	parking is on street only; parent pick up/drop off is an issue; parents park in the no parking zones	3	playground equipment, blacktop, and water drainage on playground needs attention.	4	parking lots need resurfacing	1			
	pick up and drop off is stressful for parents; would be nice to have a dismissal area outside or an auto pick-up lane for easier dismissal	3	need windows or skylights in center rooms	2	Parent drop-off & pick-ups are very unsafe; Side-walk for students to walk on for drop off near the far parking lot; extend sidewalks from front of the building to the north, south of the gym near the south lot	3	building walk-through showed some concerns with the exterior	1	the school could use outdoor bathrooms for students or visiting families	1	outdoor lighting at Jefferson school for staff safety	1			
	In case of emergency, there are not a lot of wheelchair ramps in front of building.	3	Require student drivers to have parking permit.	2	poor flow in the parking lots; Add parking stripes to the large south lot	2	fix broken light fixtures	1	boxes need removed from our Farm to School program that we no longer have	1	district should have a parking permit requirement	1			
	office and library doors have no button to open; South west entry/exit needs wheel chair access switch installed	2	lighting	2	The roof in the gym area needs to be fixed not just given a band-aid.	1	a bigger playground is needed	1	The two sheds next to the school look deteriorating and rotten.	2					
	lighting is either poor or does not work; especially at door entries	2	Drainage issues with water pooling on softball field; drainage improvements need made on the island between the parking lot and roadway	2	Better signage for parent drop off areas and bus lanes ONLY (esp. AM)	1	balls roll under the playground gate and students cannot play with it the rest of the day	1	need more handicap accessible playground equipment	1					
	Entry needs repaired where concrete meets the asphalt.	1	cement the pad outside of the doorways leading to the west commons	1	paint in a long time and white is NOT the answer and neither is a flat base. It needs to be very washable.	1	Add a lock put on the playground gate that works with teacher/staff key system in case of emergency exit	1	uneven sidewalks at office doors and leading to bus pick up; they tripping hazards	1					
	tree by south exit needs taken out leaves fall into door entry	1	Soccer, baseball, and softball fields. Softball would be top priority	1	improve landscaping in front area	1	shade for door to gym	1	seems adequate	1					

site: circulation, pick up, parking, planting, play area, lighting, equipment, drainage, etc	play area needs attention	1	need more access to bring materials into rooms.	1	Steps coming out of basement seem like a hazzard.	1	would like to have flowers	1				
	There are some super muddy areas near the playground that needs grass seed.	1	walkways need to be available for people to cross from parking lot to roadway	1	Standing water between the building and the front sidewalk; foot traffic causes the wood chips to make a mess on the sidewalk/lawn.	1	District truck has to drive on the playground during recess to deliver lunch; Safety concern.	1				
	drainage improvements needed to baseball and softball fields	1	teacher parking lot blocked in by parent pick; creates a bottleneck of backed up cars	1	outside doors do not always shut on own; at times they remain slightly open and accessible by the outside	1	plant bushes near the entrances	1				
	defined play areas for soccer and football	1	repair site equipment	1	stairs by the back of gym are unsafe during the lunch recess time; in the winter they tend to be iced over and slippery	1	need more bus lane area	1				
	Parking is limited on the north end of the building.	1	drainage issues and puddling in the graphics room	1	The door where John Fruit delivers supplies needs to be replaced; a huge draft comes in	1	ice slick in bus area because of poor drainage	1				
	often water drips from the roof and freezes up on the sidewalk by the north doors.	1	should block sunlight into library with trees	1			some down spouts drain where steps are	1				
	restraining of gazebo, future cycle rotation	1	site consideration is good	1			need a fenced in play area for kids with special needs	1				
	grade woodchips to prevent continual runoff	1	drinking fountains do not operate	1								
	bus lane to have ramp from sidewalk level to lane level in multiple spots of lane, not only at the ends.	1										
General purpose classroom:	14	NA	6	NA	3	NA	2	NA	3	NA	1	NA
would be nice to have more outlets for computers in classrooms; more outlets in halls for floor waxing, etc.	3	would like more updated technology (projector, smart board, audio, would like to skype/ video call from classrooms, etc.)	4	Update seating/furniture throughout the building (IMC, cafeteria, classrooms, gym).	4	Smart board projectors failing in classrooms as they age-expensive to replace	5	the outlets are outdated; there needs to be more	3	Classrooms district wide need more outlets	1	
need air conditioning in classrooms for students to focus better	3	Some classes get too large for current equipment; not enough space for hands on curriculum and high needs students; rooms fit 10-15 students	4	rooms need more outlets and computer plugins	4	would like a magnetic whiteboard instead of a chalkboard	2	the smart boards are outdated,	3	classroom displays need to be upgraded	1	

General purpose classroom: function space, number of students, lighting security, flexibility, outlets, data, teaching tools, acoustics, etc	2nd grade classrooms function best when we have 15-17 students max	3	need more outlets; repair existing ones	3	Would like whiteboards instead of chalkboards	3	Classroom ceiling tiles are broken or missing; needs updated	2	Classroom door security is unsafe as they open out to the hall; should either open inward or have some sort of closing device	2	need increased wifi at the elementary	1
	roof periodically leaks, new ceiling tiles needed in some places.	2	lighting is too dim	3	needs air conditioning, better air circulation, and dehumidifying	3	window curtains are a lockdown security issue	1	ceiling needs replaced	2		
	chalkboards are outdated; whiteboards would be nice	1	enrollment in tech ed is too high; concern for safety at current levels	2	Would like AC	2	need more outlets	1	school speakers don't work; need speakers next to the smartboard; need better computer speakers	2		
	would like to control my own thermostat	1	proper sightlines and privacy of sound are needed for offices and reception area for confidentiality	2	large enough to comfortably/ effectively accommodate future class sizes; expand the 6th grade classrooms	2	CD player for books on tape	1	The lighting is overstimulating; need light dimming options	2		
	It would be great if intervention teachers did not need to share classrooms	1	new student seating; would like more tables and chairs in classrooms; current desk setups do not make group work conducive	2	Sound travels between rooms easily; especially during other lunch periods	2	missing ceiling tiles and parts of the baseboard on the wall; using a door as a makeshift desktop	1	glass above classrooms is unsafe in case of intruder; shows storage and clutter	1		
	Lighting should be dimmed--- consider Educational Insights Fluorescent Ceiling Light Cover- Tranquil Blue	1	need area for private conversations with students, staff and while on phone with parents	1	ability to update technology in the future, like SmartBoards, Mobis, etc.; reliable wifi hubs	2	trim along the bottom of the wall is falling off, to the right of the heating vent	1	The wooden doors seem light and I wonder if they could be made of another material(bullet proof?)	1		
	Kitchen storage room ceiling needs replaced	1	need more storage	1	would like new/ more book secure shelving	1	paint door jambs, update, paint or stain the doors.	1	Our shades are very old and don't work most of the time	1		
	cafeteria has poor air flow and needs 2 ceiling fans	1	teaching tools that work appropriately	1	need electric access updated in most learning spaces	1	It would be beneficial and convenient to have our phones near out desks.	1	need outdoor exits in classrooms, either a modified window or door	1		
	Teacher work room needs more circuits (breakers tripping during carry ins.)	1	library and some classrooms need new carpeting	1	Some wooden dividers are needed to separate students who are overstimulated around others.	1	classrooms get very cramped when number of students is more than 20	1	would like a way to quickly secure our door in the event of an emergency other than just locking it	1		
	both south hall door frames need replaced	1	Access to new IT equipment for small group educational purposes is needed	1	Another special educator is needed at the middle school level	1	old bulletin boards in my room along with a board that has a hole that I cover up with a boggle board I have to tape to it because it's a weird space.	1	teachers should be provided with necessary supplies, rather than having to purchase them out of their own pockets	1		
teaching tools	1	Main office area is dull and dark	1	Is there a phone jack by the teacher's desk in room 112 at RMS?	1			need more internet accessible ports	1			

General purpose classroom: function space, number of students, lighting security, flexibility, outlets, data, teaching tools, acoustics, etc	there are ceiling tiles that are black/moldy and need to be replaced	1	improve sound system in the gym	1	6th grade classrooms have automatic motion lights that do not remain off overnight or during lock down situations, even with manual shut off;	1			New blinds are needed for our classroom windows. The current ones do not roll down or up correctly. They are torn	1		
	need an additional kindergarten room with a bathroom in it	1	need new desks and tables or chairs	1	Windows are cold or broken	1			toilets in bathrooms leak	1		
	Possible mold in walls in hallway by 4th grade hallway from massive leaking a few years ago	1	high school ranks high here	1	need a sixth grade science lab	1			walls need painted	1		
	Floor tiles need replaced	1			room size to class size; 24 students is capacity	1			boys and girls bathrooms have a stall with a broken lock	1		
	classroom sinks are not ADA	1			Difficult to regulate temperature in the center of the building: library, Science rooms, etc.	1			storage space for teaching tools is limited	1		
	Speakers still needed in key areas	1			No inside recess location for when there is inclement weather due to all rooms being used and lunch staff needing to clean up	1						
	More space and quiet spots needed for testing and work days	1			Would like water fixtures in classroom to be replaced	1						
	like having a smartboard	1			heating needs to be updated	1						
	Lockers are too noisy; get rid of them	1			numbers alone shouldn't necessarily be the basis of a caseload; many of our OHI students demand more attention	1						
	new desks and chairs are needed	1			Rooms could use new paint; maybe some different colors	1						
NA	14	NA	13	NA	9	NA	6	NA	4	NA	0	NA
Individual intervention spaces; Spec Ed rooms need more space.	4	couch across from the nurse is very unsanitary; proper disinfectable equipment is needed for sick students	2	need a full time position for IMC	2	Spec ed room (Moore) very small for 3 adults and 16 students	1	Art and music rooms have flooded a couple of times; possible mold in the ceilings	1	Middle school IMC needs a fulltime staff member	2	
blinds to cover IMC windows in an emergency	2	new scoreboards needed for football, softball, and baseball fields	1	Band room is not big enough for growing program. Traffic flow is hindered; Storage needs are significant.	2	Limited space for extra needs; deaf and hard of hearing staff have no room to work with students so they bounce around.	1	The cafeteria/gym needs new lunch tables. The lunch tables we have are not safe, very old, and not user friendly.	1	Spaces for MAPS testing, FORWARD Testing, and ACCESS Testing in Doudna and Jefferson	1	

Specialty spaces: art, music, speech, nurse, special needs, media center, etc.	additional book cases for IMC; more thin bookcases to update the wire spinning book racks that are not very efficient	2	need a bigger band room with more storage	1	Choir room is not conducive to program needs; Add a larger, more appropriate choir rehearsal space; add an additional music room	2	would like a full sized gym	1	special needs students need more one on one assistance; great need for more paraprofessionals	1	Additional space at Doudna, Jefferson, and Lincoln for specialists to work.	1
	cannot hear announcements in gym	1	equipment, repair, supplies?	1	behavior modification room	1	guidance office is too small, especially for small group of kids	1	Many kids' families are broken, so children come to school hungry, tired, neglected	1		
	Tables and chairs with broken legs.	1	band room needs better sound absorption	1	RMS art room would benefit from a bigger space with more flexibility for project needs	1	no heat or air	1	The teacher workroom does not have a working sound system.	1		
	Separate room for testing students (i.e. for spec ed) and work days. It's very difficult to have work days in our classroom when students and subs continuously interrupt work.	1	high school ranks high here	1	Perhaps a commons area to better accommodate large groups (i.e. students waiting in the morning).	1	We have a very difficult time finding testing areas (PALS, etc.) free from distractions because there is no extra conference room or office space unused.	1	Our speech teacher needs to be able to hear emergency announcements, any announcements, that our made over the "all call."	1		
	special needs room (Everts) Needs rug out, tile put in.	1	better arranged storage, improve student seating; demonstration area, full kitchen with dishwasher, more food storage area; reconfigure	1	windows and no curtains makes it very difficult to put students into a safe position if a security compromise develops.	1	Need AV screen for lunch room for when we have presentations and put info up on the wall from a projector.	1				
	music room room needs new rug.	1	permanent stains and filth; arms of chairs have fallen off; furniture is mismatched	1	direct access for SpEd room to the sensory room	1	update the bathroom and sink area in the art/music room	1				
	Some students could benefit from wobble chairs	1	offices need repainted	1	Tech ed shop needs update equipment and expanded space (including room for a computer lab).	1	Nurse/sick space is used for many other needs: dental cleaning, behavior, etc.	1				
	Office needs a second paging phone.	1	Conference room furniture/paint needs updated	1	updated bathrooms in the old end to include handicapped accessibility	1	not enough storage	1				
				teachers work room that could accommodate all the different equipment and technology used (copier, Cricut, laminator, large work tables, long-arm paper	1	a speaker is needed in the kitchen especially if we have a lockdown	1					
kleenex provided for areas	1	bathroom floors in the guidance office bathroom and surrounding area do not get cleaned regularly	1									
PC lab adjacent to the library: center computers are on larger portable carts that take up a bit too much room; would like a counter area in the center	1	There is not a proper waiting area for students/parents, etc. and no confidentiality.	1	Need closet / storage for snack pack items that can be inspected for food storage	1							
more office spaces with outlets are needed	1	Ceiling tiles are old and stained	1	handicap accessible bathrooms are needed in all locations	1							
need an alternative school (for students with disruptive behavior)	1	Cord Drop outlet in the auto, woods and metals room has been used and abused	1	Need new carpeting in the guidance office area! (Large area and two side rooms)	1							

Specialty spaces: art, music, speech, nurse, special needs, media center, etc.	Art room is in dire need of new sinks & faucets including ADA ones	1	Some of the tech ed explosion proof light fixtures do not wind up or function	1	Need a confidential area / office space for Mental Health facilitators coming into the building.	1						
	hallways are dark	1	Pupil Service area furniture is falling apart, chairs are stained with arms rests missing	1	Take our counter area in the counseling office - would like to add a wall for small group space and shelving.	1						
	cafeteria and bathrooms are at max capacity	1	Students, parents, and teachers meet with nurse, guidance counselor, mental health caseworker, career counselor, ELL instructors	1								
	lockers are tiny and rusty	1	library: shades, new carpet, drop down projector screen, etc., bookshelves; standing desk; increase supply budget; new furniture; Makerspace supplies for middle school	1								
	need a full time or part time Tech person here to help with problems or improving what we do here in tech	1	science department needs a functioning dishwasher; microscopes incubator and lab table need to be updated	1								
	no working kitchen speaker; Cafeteria speaker can not be heard at all during lunch periods; gym has no speaker	1	Many of the tools in the Tech ed and ag Shops have been damaged and not replaced	1								

	NA	16	NA	17	NA	15	NA	10	NA	6	NA	3	NA	1
	computers; digital devices	2	printer, chromebook, charging station, copier, computers, etc.	2	more plug ins for computers in classrooms	1	smart board, ipads, ipad cart	1	computer and smartboard	1				
What pieces of equipment have utility connections needed?			FACS: washer, dryer, fridge, freezer, sewing machines, microwaves, small kitchen appliances, projector, smart board, audio (currently through projector)	1			wifi connection does not always work	1	All schools need washers & dryers.	1				
			new sink	1					We need more internet ports within our classrooms	1				
			many utility connections needed for tech ed	1										
			Can the electrical busway in the metals room handle a new mill or lathes?	1										
			White Board/Smart Board	1										
	NA	15	NA	12	NA	6	NA	5	NA	7	NA	1	NA	0
	Lack of social studies and science curriculum; need new books	5	textbooks and other curriculum are very out of date	3	New textbooks and/or ebooks for middle school ss and history	1	science and social studies curriculum needs to be updated.	6	more support is needed in Special Education and Guidance; need a guidance counselor	2	SMARTBoards are currently working	1	special education math and reading curriculum. Most reading is old and workbooks that go with are no longer available	1
What programming/Curricular resources need to be updated, replaced or acquired to meet District needs?	Special education is outdated	2	Maybe be able to use smart board in conjunction with Internet, be able to walk around with a mobile pad and still work the Smart Board away from my desk	1	Need new English/ Language Arts text series	1	elementary writing curriculum is inconsistent; would like to use the lucy caulkin's writers' workshop again; A reading curriculum that helped us teach academic writing as it pertains to reading	4	seeing an increase in Early Childhood referrals, but not an increase in Early Childhood teachers or aides being hired to meet the needs	2	textbook (bound and digital) replacement fund should be created to maintain updated materials	1		
	math, written language, possible reading.	1	district office needs a larger and/or designated storage area. Currently they have things in a couple of classroom; it would be nice to know where they will have their things and re-key those classrooms so teachers can access it	1	Sixth Grade English needs a consistent ELA curriculum that includes a textbook/workbook if multiple teachers will continue to be required to teach it (ideally an English teacher would be hired)	4	LI- Need additional teacher and aides	1	District wide--- there is a tremendous need to update our math and science curriculum.	1				
	update ipads	1	FACS: need time & resources to explore the best educational opportunities for our students within this career area.	1	trained interventionist for RMS RTI to allow for better implementation of our programs	1	Special education curriculum, boardmaker, tablets and testing materials.	1						

What programming/Curricular resources need to be updated, replaced or acquired to meet District needs?	would be great if there could be a standard curriculum for Tier 2 interventions.	1	Update books and/or access to content for History area	1	more paraprofessionals and substitutes need to be acquired	1	Proper training for Expressions/Journeys	1			
	outdated smartboard	1	Metals - Lathes, mills, Welders; Woods - Large Surface Sander - Spray booth for finishing; Auto - General auto tools, battery tester/charger, floor jack, corded light fixtures that work, Pressure washer, tire changer, engine stands, and a few different type of engines	1	The current science curriculum grades 5-8 (and maybe even beyond) needs to be revisited with the necessary commitment to equipment, resources and materials that may need to be updated as well.	1	mystery science (online resource) works well	1			
	would love to see chalkboards changed to marker boards	1	Teachers do not have time to work with colleagues and unpack content standards. The direction we currently have is to attach as many standards as possible to the EE. This approach has very little effect on student learning.	1	We need a SMARTboard alternative that provides what is needed while still providing a setup with equipment that is more future-proof and less impactful when needing to be replaced.	1	LI- Early Childhood numbers are increasing and needs are very high. Look into possible early numeracy curriculum- teachers collaborate and create what they use for math.	1			
	Would like to see some district-wide programs for cohesiveness.	1	Should copy other schools with an alternative classroom with a Cross Categorical Resource Teacher to provide alternative ways for students to earn credits-especially in core areas.	1	We need a 12-month Director of Curriculum and Instruction along with an ongoing budget to facilitate what is needed to train and support staff with curricular needs and professional development.	1					
	improve our ELA curriculum	1	taught classrooms doing nothing, and the kids are still failing many classes	1	Hire an ESL teacher for each building	1					
	Instructional coaching and/or professional development opportunities are important	1	tech ed equipment needs to be updated	1	Hire an assistant principal to share between the 2 buildings	1					
	alternative education	1	computers need to be updated	1							
	Purchase materials or books with guided reading lessons	1									
NA	22	NA	9	NA	8	NA	5	NA	5	NA	1
new cupboards/ cabinets would be great	3	tech ed storage is adequate	1	Backpack storage and shelving	2	not enough; would like more instead of keeping items in the short hallway	3	outdoor storage sheds are full and rotting; need new ones	3		

NA

				Storage for PE equipment could be more user friendly. We could benefit from storage spaces on the main level that accommodate the larger equipment (portable volleyball poles, track equipment).		will need more storage if we turn the old art/music room into either an additional 4K classroom or an additional EC classroom; We also run into concerns for space if we go full time		We need more storage for preschool equipment/toys		a lot of chromebooks need to be stored over the summer and during the school year	
	1	band room needs more storage	1		1		1		1		1
				Would love to have a resource room where extra textbooks could be stored (could be part of a dedicated workroom)		The cupboard space I have is good.		more storage in general is needed		Storage space for community donations for PATT events and PBIS events at Jefferson and Lincoln.	
	1	district office storage is severely limited	1		1		1		1		1
What are your storage requirements?				Need more storage for display items in the library; Need a few more bookshelves for books in circulation; More opportunities to display student work in places parents will see		Need new bookshelves. Current ones are old and falling apart		need more shelves within current storage closets			
	1	lots of storage required for FACS; could be better utilized	1		1		2		1		
				Need more access to storage for items that are not used all the time		build a storage area in the back of the girl's bathroom					
	1	more storage that doesn't leak/damage property is needed	1		1		1				
				Uniform, instrument, music and book storage space for 170+ students.							
		We currently have a back storage/file room. It gets cleaned out periodically.	1		1						
				The storeroom storage area compartments could really afford to be upgraded and updated.							
		could use more shelving for projects	1		1						
				Would like countertop space							
		currently using three stand-up cabinets, some book shelves, and the English department work room. Meets my requirement.	1		1						
		tech ed locks and hardware for these doors needs to be repaired.	1								
		Repair broken lockers and replace many hooks that are missing inside of the lockers.	1								
What are your storage requirements?											
		nurse may need storage if her current storage area is returned to be used as sickrooms for students	1								
		could use another library private study room	1								

			storage that isn't taken over by various other clubs, sports, etc.	1											
	NA	24	NA	14	NA	8	NA	10	NA	4	NA	2	NA		
Are there any hazards that exist in your room or public space?			possible mold; black ceiling tiles in my classrooms need to be replaced	2	might be exceeding band room capacity	1	the gym roof leaks	2	No speaker in teachers lounge or bathroom	2	an exit out a window or a door installed to exit to the playground or sidewalk should be installed to have two ways out	2	Icy sidewalks.	1	
			Art room - slippery floors from soap dispensers and water running on the floor from countertop.	1	Replace and update signage in halls for security-Departments & room numbers only, not teachers names. Replace missing room numbers and name holders	1	No place to protect students in the library for study hall if an intruder enters. No blackout curtains on back office room to try to hide in	1	Classroom door does not close quickly and fully shuts; puts teacher and students at risk. The hinge location leaves students and teacher at risk in an active threat situation.	1	the doors should open inward or have a safety device installed to keep them more secure from intruders	2	Lack of lighting at Jefferson for when staff arrive or leave.	1	
			Not every room is handicapped accessible (i.e. the library and office don't have a button to open them)	1	Unlocked front doors that allow people to enter the building without needing to check in to the office first.	1	The air ventalation is not good for people or instruments in our rooms (band room)	1			lunch tables are heavy, old and unsafe	2			
							The guidance classroom has to use extension chords in order to run the overhead projector	1			PA system continues to have issues	2			
							roof leaks in the kitchen and bathrooms by cafeteria	1			The tile is chipping near the walls in the bathroom, in doorways, and in classrooms	2			
							GreenHouse - Conduit running up near the top of the green house is barely hanging on to the wall	1	dangerous stairwells (difficult to supervise)	1		Our solid wooden countertop in the Early childhood room is moldy.	1		
							Install cement pillars in front of commons glass windows.	1	Window with cracked casing will not open	1		maintenance is sorely lacking	1		
							Re-key building for security	1	lack of handicap access to locker rooms	1		concerns about mold in the ceiling due to all of of the flooding and ice dams that took place last year	1		
	Are there any hazards that exist in your room or public						hazards inherent to cooking and sewing	1	bookshelves are not secured	1		The bathroom sink in the boys bathroom has a sharp edge	1		
						chemicals to be disposed of in the science chemical store room	1	Desks and lockers with sharp edges	1		The placement of the paper towel holders is too far to reach in the classroom for four year olds	1			
						Floor boxes covers in classroom are loose and can expose students to shock hazards	1	lots of cords hanging and running along the walls because of lack of plug ins.	1		our wood floors are in grave need of preserving. Bare raw wood is exposed in all heavy trafficked	1			

space?				Our space does not allow people to exit the space quickly (band room)	1			Our antique room should be preserved & restored	1				
				motion lights won't stay off during lockdown	1								
				cannot hear emergency announcements-Shelter in Place, Lock Down, etc.	1								
Special utilities needed, water, sewer, electric, gas?	NA	25	NA	18	NA	12	NA	6	NA	5	NA	3	NA
	Staff bathroom sinks that have water that stays on long enough to was hands. Sinks that are easier for the kids to turn on.	1	plumbing issues; Sewer seems to back up at times and creates an awful smell.	2	The one main student bathroom that is used by 7th and 8th graders is NOT very private (reflection/ line of sight issues).	1	Would like to have a clock that's connected to the rest, instead of just a wall clock.	1	toilets, urinals, and sinks are not working properly and need replaced	3			
	Wheelchair accessible sinks in the classrooms, including the art room.	1	sink in kitchen is too small to even hold a plate or a pan; makes it hard to teach dishwashing	1	Ability to use water and bathrooms during power outages. Better lighting during power outages in rooms with no windows	1	Updates to the student bathrooms; constantly fixing faulty sinks/ urinals; there is often times wasted water.	1	water fountains leak and do not have good pressure	2			
	install sound insulation in lunch room	1	it would be nice to be able to call long distance from the classroom to set up some IEP meetings. Most parents have cell phones that we can't call to from the phones in our	1	The older bathrooms in the middle school could really use some updating!	1	power strips provided by district for tablets and such	1	more bathrooms are needed	2			
	classroom sink constantly smells musty	1	roof leaks	1	The 7th and 8th graders need another bathroom on the north end of the building.	1	drinking fountain does not work	1	more stalls needed in the girls and boys bathrooms	1			
			bathroom has a water tap that must be held down and only lasts 5 seconds; hard to teach handwashing	1	Need water and sink for cleaning instruments.	1	Water for sink/bubbler in classroom.	1	Our kitchen for our lunch person needs to be updated.	1			
Special utilities needed, water, sewer, electric, gas?			door to the bathroom does not lock from the inside	1	Water is needed to conduct normal classroom procedures for teaching science.	1							
			utilities required for cooking, cleaning and sewing	1									
	NA	25	NA	17	NA	14	NA	9	NA	5	NA	3	NA
	IMC	1	it would be nice if the band room were closer to the gym	1	restrooms	1	guidance close to office	1	more bathrooms would be nice	3			
	Spec. ed rooms could have bathrooms close or in their rooms. (1)	1	FACS: would like a nice office area to work in; looking for professional design ideas	1	6th grade lockers for monitoring	1	close to bathroom; Would like bathrooms in out wing	2	gym: cracked walls, a clock that runs 2 hours ahead, needs new paint, needs warming devices to keep foods hot to required safety standards	1			

What spaces should you be close to?			Engineering should be close to the Metals and woods shops so students can easily access and use tools while still being supervised by their teacher.	1	the band room should be close to an exit with parking space, gym, storage, and bathrooms	1	safety locations in case of tornado	1	grade level teams should be next to each other	1			
			should be close to people in the same department	1									
			nurse should have a restroom nearby	1									
			conference room should be close to counselor's office	1									
			Storage, gym, office	1									
What innovations could be made to better utilize space?	NA	26	NA	14	NA	12	NA	9	NA	6	NA	2	
	a washroom in the library	1	A different desk setup, such as having 2 kids per desk	2	reassign sixth grade to newer end of the building; could be kept mostly isolated from 7th and 8th grade by changing traffic patterns in the hallways	2	provide more storage space	1	more bathrooms are needed	1			
	It would be wonderful for each teacher to have their own space vs sharing spaces for Title & AGR.	1	Shelving units, a second shed built behind the school for additional equipment storage to remove clutter	1	Rm 109 could become a workroom and resource room and one of the sixth grade rooms could become the SpEd computer lab	1	more kitchen space	1	bathrooms at both ends or stalls in the boys bathrooms	1	A partition in the Jefferson library to separate the computer lab from the library during testing periods.	1	
	remove a wall to join two of my three rooms	1	re-design some of the empty rooms to use the space better.	1	More space	1	student bathrooms have a large wasted space in between stalls and window	1	more shelves in our storage closets so that we could keep supplies better organized	1			
			FACS: looking for professional design ideas here	1	Add on to existing space and alter what is currently there (band room)	1							
			The "Storage Room" Next to the graphics room should be an engineering computer lab	1	a shelving or storage unit in the classroom	1							
	What innovations could be made to better utilize space?			WIREMOLD for low volatage and power cables for compter and desks for projectors.	1								
				room markers for signage	1								
				need a reception desk to provide a monitored waiting area	1								
				expand the rear walls (to the band room?)	1

Comment on the circulation and movement of students within the building	staff works hard to keep students moving/ transitioning well	1	very congested and too funneled; can create behavioral issues	2	circulation seems to work okay	2	Can be a lot of students in the hallway at the end of the day with bus riders sitting in hallway waiting for buses, but if they are in the gym it's too loud and they like to run around then.	1	We definitely have "hallway jams" when the 4K classrooms are all in the hall getting ready to go out for recess and our lunch supplies are trying to be delivered.	1	flow of students in the high school seems to work well	1
	exits are strategically placed so the student circulation and movement is pretty smooth	1	guidance office floor plan is not functional	1	there are bottleneck areas in the building	2	"highways" that were implemented at the beginning of the year work very well	1	More doorway exits outside of classroom	1		
	Often students are way too loud in the hallway during transition.	1	issues with the largest group of kids entering and exiting the band room	1	Would like restrooms on the classroom side of the 7th and 8th grade hallways.	1	it is fine	1	there needs to be a ramp where students come out to catch the buses	1		
	Handicap accessibility access button to the Office from the hallway, to allow handicap entry with ease.	1	All Tech ed class could be in the tech end area, to avoid teachers having to travel large distances.	1	as long as staff monitors halls between classes it's fine	1			Bathrooms get backed up as students are waiting to wash to go to the lunchroom	1		
			students like to cut through the guidance to back hallway	1	The 6th grade team should be located away from the cafeteria; in larger classrooms. The 6th grade rooms should be used for health, guidance, etc	1						
Comment on the circulation and movement of students within the building					It would be nice to be able to have a hallway with storage for music instruments that could be separate from, but accessible to the classroom, accessible to a hallway that can be locked.	1						
					students don't keep their hands to themselves	1						
NA	NA	22	NA	19	NA	7	NA	9	NA	6	NA	2
	To warm a cafeteria	1	PA system is not loud enough in the band room	1	are right outside the classrooms of 6th grade core classes taking place.	5	The gym and art/music rooms can get loud for the surrounding classrooms.	1	need a working PA system in classroom	1	School are not sound proof on the south side of the building.	1
	behavior students often take away time from everyone else. They need to be moved to a different location	1	Constant interruptions with people showing up at my door which can be very problematic when in crisis de-escalation	1	Students are able to hear things out in the hall because of the classroom door louvers	1	The pulling of guidance, and title services for lack of substitutes or administrator availability. Full time administrator would be appreciated.	1	When the buses pull up outside the building we get an annoying feedback through our computer speakers and can't hear what we are trying to teach.	1	Would like to be able to control the speakers in each individual classroom/office area as opposed to zones of control.	1
	not being able to hear safety lock down and other announcements in the cafeteria, gym, or kitchen	1	cell phones	1	choir and band room	1	faulty wifi connection	1	Bathrooms to share with so many students	1

What disruptions do you encounter that could be corrected in the facility?	wheel chairs unable to get in easily at south west door.(play ground areas.)	1	not enough restrooms or drinking fountains	1	the teacher's lounge should be air conditioned	1							
	being able to use our key fob on all room doors within the building	1			Surge of cold air throughout the hallways and into nearby classrooms when lunch is being brought into the building. Can last up to 30 minutes on some days.	1							
	sharing classrooms	1			Due to lack of instrument storage and practice room space, students need to move between rooms while classes are going.	1							
	students that aren't able to function in a regular school setting	1			lights will go off if staff member is working at desk doing paperwork	1							
	Noise from the lockers in the 5th grade hallway.	1			It is difficult to have our doors locked for safety purposes (band/ chorus)	1							
Please share any other comments you have below:	NA	20	NA	14	NA	12	NA	8	NA	2	NA	3	NA
	improve teachers' salaries before improving the building	3	Raise staff wages (certified and non-certified) & benefits, to make the Richland District the best in the area, not one of the lowest paid	2	prioritize the actual needs of the school by communicating with staff	1	The furniture in the rooms needs to be replaced	2	We need more staffing/ supports (guidance department, Spec Ed department/Speech and Language)	4			
	thank you for asking for our input	2	consider solar energy for the future; incorporate more energy efficiency	1	The air vent in the guidance office blows the papers that are on desk all over. In the winter, the air is COLD!!	1	need a policy for out of line parents	1	Our Early Childhood classes are full and due to the many referrals are increasing in size regularly.	3			
	Dedicated intervention spaces (like smaller classrooms) would alleviate the burden of moving classrooms every single year.	1	Would like natural light or money for plants to bring some nature into the classroom	1	would like to create a classroom book checkout system	1	put a wall between library and computer lab so both areas can be used at the same time without disrupting the other	1	stagnate salaries are not conducive to teacher's staying in the profession	1			
	elementary campus that housed all grades prek-5th with each grade level and a spec ed classroom in a pod with their own bathroom	1	the school is working well for the most part. It is still beautiful and functioning well.	1	Feel very vulnerable in protecting students in regards to intruder danger	1	update bathrooms ; boys bathroom is old and in need of repair	1	outdoor storage sheds are eye sores and need better upkeep	1			
	consider grade level advancement as a part of future planning	1	the greenhouse and/or headhouse needs an external access door	1	repurpose the "stage area" of the cafeteria into closed in storage or office space	1							

	Upgrade of classroom technology; currently Smartboards in rooms but to transition all grades/rooms simutatneously allowing universal change and prompt continuity school wide.	1	We need a better direction for the curriculum.	1							
	Additional staffing; Assistant Principal or Dean of Students, support staff aides to provide for additional inclusion opportunities for at-risk/special education students.	1	Take old buzzer off the brick wall on the outside of the old entrance.	1							
Please share any other comments you have below:			The general upkeep of the building could be better. There is dust and dirt in most corners; especially the gym area.	1							
			Move or insulate (for sound) the Assistant Principal office, as it isn't soundproof and students can hear all confidential conversations, even with the door shut.	1							
			It would be nice to match the front office or district office waiting area set up with respectable furniture.								
			It is necessary to have a professional receptionist screening and teaching students to make appointments rather than interrupt unless an emergency situation.	1							
			4th English teacher at the high school (RTI teacher), RTI Program coordinator for the district, 2nd guidance counselor at the high school, Principal's secretary, GED/Spec ed teacher	1							
			Curriculum coach/coordinator for math, english (science, history) spanning middle school + high school (and elementary)	1							
			Enough money to stock kleenex in every classroom.	1							
			we need another administrative assistant in the high school	1							

			it would be nice if new extracurriculars could be eligible for some type of pay	1									
			Replace ceiling tiles that have water stains/leaks.	1									
Attach any sketches or images you would like to share.	NA	27	NA	23	NA	16	NA	12	NA	9	NA	3	NA
